e.established reputation

e.surv Chartered Surveyors

"Every competency of the AssocRICS programme was possible with the help and support of all those at e.surv behind me. I will be forever grateful."
- Glen Cameron - MRICS Surveyor, e.surv

As the largest UK provider of residential property risk, valuation and surveying services, e.surv has been at the forefront of the residential property market for nearly 30 years.

e.surv is part of the LSL Property Services PLC Group which includes household names Your Move, Reeds Rains and the mortgage broker network Primis.

We employ over 600 surveyors who provide mortgage valuations for UK lenders and RICS HomeBuyer reports, RICS Condition Reports, RICS Building Surveys and independent valuations for house buyers across England, Northern Ireland, Scotland and Wales.

We're passionate about inspiring and coaching the next generation of residential surveyors.

Since 2013, we've recruited over 160 trainee surveyors and over 130 of these have so far achieved AssocRICS status. This is due to an exceptional mix of structured training and our successful mentoring programme.

Once qualified, our surveyors never stop their personal and professional development. Our Learning and Development Team ensure that everyone has access to the training they need to keep abreast of changes in policy, surveying methods, building regulations and more.

"I'd look no further than the e.surv trainee programme if you're serious about becoming a Residential Surveyor."
- Andrew Furness, AssocRICS Surveyor, e.surv

Training programme

At e.surv, we provide our trainees with a combination of classroom-based learning and "on the job" experience.

All trainees receive targeted tuition covering a number of essential "technical" and "mandatory" competencies outlined by RICS. This is delivered through a mix of seminars, workshops and assignments.

Trainees also spend time at Head Office in Kettering to gain experience of other departments within the business e.g. appointment booking, customer care and Post Valuation Queries (PVQ).

At other times, trainees work from their local areas, alongside their designated mentor. This time is invaluable to our trainees as they are able to carry out real-life surveys with friendly support from an experienced e.surv surveyor.

Trainees learn how to efficiently use our innovative iPad-based technology and suite of apps in order to work smart and enjoy a good work-life balance.

What's more, we provide full support to our AssocRICS surveyors who wish to progress through their Assessment of Professional Competence (APC) to achieve MRICS status.

NEW Sava Graduate Surveyor Conversion Programme

Our Learning and Development Team has recently launched a bespoke training programme specifically for AssocRICS-qualified Sava Graduates.

Graduates are given an opportunity to build on the knowledge they've gained through the Sava programme and become fully operational at e.surv within 3-6 months.

Graduates are given a step-by-step introduction into surveying practices at e.surv and are exposed to the criteria of all our major lenders, whilst gradually building up their volumes of work.

Our Sava Graduates receive guidance and encouragement from one of our experienced surveyor Mentors, not to mention support from a network of experienced individuals from across the business.

Benefits

Competitive salaries at e.surv are just the beginning. We offer a wide range of additional benefits and perks - from healthcare to travel, insurance to high street shopping. Here's just a taste of what's on offer:

Buy-as-you-earn

Car salary sacrifice scheme

Cycle to work scheme

Dental insurance

Employee discounts

Health assessments

Health cash plan

Life insurance

Pension

Sharesave

Surveyor incentive scheme

Travel insurance

Gym membership

Our trainees

"I really enjoyed the trainee programme. I felt that the mentoring system worked very well and I received first-hand experience which cannot be taught in a classroom."

- *Rajvir Kaur Kandola - AssocRICS Surveyor, e.surv*

"e.surv's trainee programme has enabled me to successfully achieve the AssocRICS designation and, through ongoing training and support from my peers, I am now embarking upon the Assessment of Professional Competence (APC) to achieve full Chartered Status."

- *Ryan Beavan - AssocRICS Surveyor, e.surv*
